

Supply List for Erika Cleveland Mini-Workshop

Feb 10, 2017

All participants to bring:

- scissors
- sewing supplies: needle, thread, pins
- bits of roving in colors that you might want to use to embellish your figure(s)
- colored embroidery floss for outlining figure. Black will be provided, bring colors if you would like to outline your figure in a color.
- OPTIONAL: paper and pencil for sketching ideas or for tracing animal figures
- OPTIONAL: bring an approximately 3 x 3 inch animal image, or two to be traced/copied onto fabric

IMPORTANT NOTE: If you are planning on attending the full workshop on Sunday and would like to make a photo transfer face to be used on your ancestor doll, you can pick up photo transfer paper on Saturday for Sunday. Instructions will be provided along with your photo transfer paper, to create two 2 x 2 inch faces for use on your doll. (If you are coming on Sunday but not Saturday, you can pick up the transfer paper on Sunday so that you can print the faces and add them on your own after the workshop.)

Instructions for 2" faces ready for transfer (for Sunday full day workshop): Faces should include head and hair (or hat) with neck and should fit within a 2 x 2 inch space. The transfer works best if the image is black and white and with sharp resolution. Instructions to transfer image to fabric will be provided along with transfer paper.
