

Supply List for Goerlich Mini-Workshop

Jan 13, 2018

All participants to bring:

- **SEWING MACHINE:** It doesn't need to be a fancy machine (mine is a 40+ year-old Kenmore!) but if it **has a zig-zag feature** that would help. It's preferable (but not mandatory) to be able to **drop the feed dogs**. **PLEASE BE SURE TO HAVE A WORKING KNOWLEDGE OF YOUR MACHINE AND BE SURE IT IS IN GOOD WORKING ORDER!** (Susan can trouble-shoot some mechanical machines but not computerized machines). Don't forget the power cord and instruction manual
- **Long Extension cord** (15-20' is good)
- **Empty bobbins (5-10)**
- **Extra sewing machine needles** (in case needles break, which happens often in the beginning). Size 70 general purpose needles are good.
- **Threads-** in a variety of colors that are appropriate for flowers, fish, butterflies, leaves, etc. (regular sewing thread). I will have a supply of threads but some machines are very fussy about thread type.
- **Glasses /Eye protection** (to protect you from those breaking needles).
- **Embroidery scissors or snippers**
- **Fabric:** **OPTIONAL** light blue and/or light green (3/8 yard or more) to serve as backgrounds for gardens/landscapes/underwater scenes. (You do not need to pre-wash fabric)
- **Notebook, pen and pencil**
- **Tweezers**
- **Small screwdriver** (for making adjustments on your sewing machine)
- **Small brush** (for cleaning threads out of sewing machine)
- **A light or lamp if you would like**
