Student's Supply List: Participants will need to bring all of the tools and materials needed to create their own rugs (i.e. design, transfer, and hooking), e.g. paper and sketching materials, e.g. pencils, crayons, tablet or laptop; red dot, backing, sharpies, etc. for design and transfer; backing, frames, hooks, cutters, scissors, wool, yarn, etc. for hooking.

Do not worry about the fact that you may think "I can't draw." Just about everyone thinks they can't draw.

Also bring either a piece of art, or a picture of a piece of art, that you admire. This piece should NOT BE WHAT YOU ARE USING AS INSPIRATION FOR YOUR RUG. This piece should be something you admire. It can be a piece of pottery, a painting, a photograph: literally anything.

From the artist: "Here is my own secret about when I take a class: I always work on a piece unrelated to the class I am taking! I find that my brain has to absorb everything I am learning before I can apply it to my work. What I learn in a class usually doesn't show up in a finished piece until the next year. If you work this way, or have any other unique approach, please know it will be honored and respected. There is no 'right' or 'wrong' here. Rather, there is respect for all of our different philosophies and approaches. I will share a ton of information with you, and you will use your own artistic sensibility to decide what to try, or reject. The goal is for everyone to learn, have fun, laugh, and create."
