

NOVEMBER 14, 2020 – MARILYN ROMATKA

Mini Workshop: Papiersterne: European Paper Stars

Delightfully easy and deceptively complex, these stars are popular in Europe, especially at Christmas time to hang in windows with light coming through them. They are made of Drachenpapier; a special translucent paper fresh in from Germany. The class is geared for adults, but the technique is easy enough for children. All materials are provided by the instructor for making 4-5 stars in a rainbow of colors.

View Preview of this class: [HERE](#)

Date/Time: November 14th (1PM – 3PM)

Location: Class will be held live on Zoom, with recorded close-ups

Mini Workshop Fee: Members: \$30.00 Non-Members: \$45.00

Student's materials fee (includes cost of shipping and processing): \$25 for templates and paper (imported from Germany). Link to pay materials fee will be sent to you after you register.

Student Supply list:

Sharp long bladed scissors (sewing snips will **not** do)

Transparent glue-stick (**not** purple-will-dry-clear)

A ruler or straight edge

Everything else will be sent to you.

Extended Workshops:

Bow Loom Weaving

The Bow Loom is an ancient technique using a simple, portable loom to make narrow, beaded bands. The technique is used in ethnic groups in Thailand to make bands for their exquisite headdresses. No previous weaving experience is necessary and the loom can be used for many more hours of weaving. This is a great introduction to ethnic weaving.

The video preview of this class may be viewed [HERE](#).

Date/Time: November 15, 2020 1:00 to 5:00 PM

Location: Class will be held live on Zoom, with recorded close-ups

Workshop Fee: Members: \$75.00 Non-Members: \$105.00

Student's Materials Fee (includes cost of shipping and processing): \$18.00 for beads, beading aid, needle shuttle, clasps and findings, vintage clips. Link to pay materials fee will be sent to you after you register.

Student Supply List:

One 4-foot long, 1/4" dowel (available at any hardware store). While there, buy 2 just in case one wants to break)

Small amount of duct tape

Some 20 yards of 5/2 cotton in a favored color

E-6000 glue (available at all craft shops/hardware stores, and probably already in your craft room!)

Sewing snips

Viking Knitting: Trichinopoly on a Dowel

Also called “Viking Chain Netting” and “Viking Weaving”, this jewelry technique is done with neither knitting needles nor a loom, but instead with thin wire on a stick! Examples of these chains have been found in various archeological sites in Scandinavia dating back to the 8th century A.D. This technique can be used to make necklaces, bracelets and earrings. The chain looks exquisite and complicated, but the process is simple and straightforward. This is a great portable handicraft you can do on a bus or plane.

Date/Time November 16th: (1PM – 5PM)

Location: Class will be held live, with recorded close-ups, on Zoom

Workshop Fee: Members: \$75.00 Non-Members: \$105.00

Student material fee (includes cost of shipping and processing): two options, \$55 (for bending mandrel, all wire, end caps and findings, reusable wooden draw-plate) or \$25 (for the same kit *without* the draw-plate – only one draw-plate is needed per family). Link to pay materials fee will be sent to you after you register.

Student Supply list:

Jewelry pliers
Needle nose pliers
Wire snips
